

Straw bundles

Animal(s) served: parrot, raven, macaque, squirrel monkey

Supplies needed: straw, sisal string, scissors

Procedure:

1. Take a handful of straw, line up in a parrallel fashion.

2. Wrap string (approximately 24" length) around the center twice.

3. Tie tightly. Use a double knot.

Please note that all behavioral enrichment (BE) items must be approved by zoo staff. Animal health, behaviors and dietary requirements often change, making some BE offerings inappropriate. There are also some items that the zoo sanctuary gets in great numbers; more than we can use. It is a good idea to check before making any enrichment item to assure it will be enjoyed by the animal(s) of your choice.
